

## Mambo Jambo

IGUESMAN & JOO, dubbed by The Los Angeles Times as "the kings of classical music comedy" join forces with two queens of musical virtuosity to create a royal musical jam filled with fruity pieces, such as "Mambo" from Bernstein's West Side Story. As well as music by Mozart, Beethoven, Chopin, Rachmaninov, Chick Corea, Sting, Georg Kreisler, and IGUESMAN & JOO.

The dazzling queen of percussion Lucy Landymore, best known for her performances with Hans Zimmer, brings good vibes to the mix with her vibraphone and other exotic percussion instruments.

Yu Horiuchi, better known as the queen of the piano, brings in her incomparable soulful voice and art of acting, which even IGUESMAN & JOO cannot resist.

Mambo Jambo is truly a royal pleasure, highlighting the diverse abilities of all our musical royalties and bringing music from different genres into action!
